YOUR PARTNER FOR PROJECTS

ISO Class 1 CLEANVEYOR®

- » Very low debris generation in the cleanroom series
- » Low noise - 38 dB or less
- » More than 10 million motion cycles (in-house test)

ISO Class 2 FLATVEYOR®

- » Freestanding flat cable
- » Low noise - 38 dB or less
- » Minimizes bouncing

ISO Class 3 TKR

- » Long service life
- » Easy shortening and extending
- » For high dynamic applications
- » High side stability

ISO Class 3, 5 and 6 QUANTUM®

- » No links, no link wear
- » For high acceleration up to 300 m/s²
- » For high operating speeds up to 40 m/s
- » Extremely long service life: ≥ 25 million motion cycles

TOTALTRAX® COMPLETE SYSTEMS FROM PLANNING TO THE FINAL COMPLETE SYSTEM

Use our know-how. Working jointly with you, our experienced specialists can provide pre-sale support, including planning and design services through after sales service and support.

One order, one contact person, components optimally matched to each other, including the cable and hose carrier, the electrical cables, the hydraulic and pneumatic hoses and the connectors. You receive the complete TOTALTRAX® system in one delivery.

Reduce your storage costs with TOTALTRAX®. We supply all components Just-In-Time to your production facility or directly to the installation site.

EXPERT INSTALLATION BY OUR SERVICE TEAM

Let our service team handle the planning and execution of the installation of cable and hose carrier systems. We provide the support you need:

- » complete assembly including the guide channel and the substructure
- » uncoiling and assembling cable and hose carrier systems for telescope applications
- » accurate installation in harsh conditions at high altitude
- » commissioning and acceptance
