in galvanized or stainless  
steel

COSTS DOWN – SERVICE LIFE UP

# CABLE CARRIER SYSTEMS FOR PORT CRANES

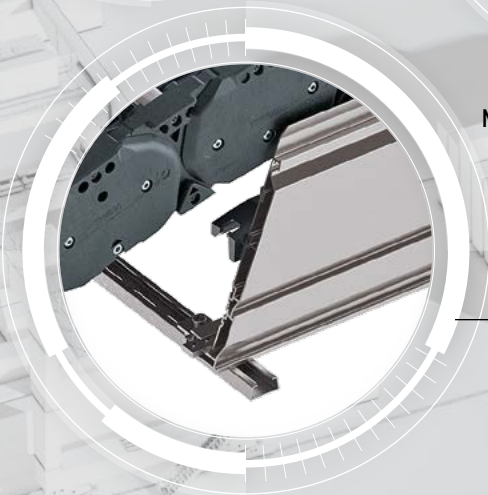

TSUBAKI KABELSCHLEPP develops customized solutions for cable carrier systems in cranes. Our decades of experience from hundreds of realized projects in various industries with diverse demands on our cable carrier systems, lead to new custom and application-specific solutions for our customers. Our specialists will support you from the planning and design stage through to the onsite installation and start-up of the tested complete system.

Lift-stop device  
and fasteners  
to attach pipes  
and hoses to the  
outside of the  
channel

Mounting kits external  
and internal

Aluminum guide channel  
with gliding support

# YOUR PARTNER FOR PROJECTS

**Ship-Unloader**

Location: Indonesia  
Travel length: 300 m  
Speed: 1.5 m/s  
Acceleration:  $0.5 \text{ m/s}^2$   
Additional load: 15 kg/m  
Cable carrier: MC1300

**Mobile onshore power supply**

Location: Nottingham, England  
Travel length: 215 m  
Speed: 0.4 m/s  
Acceleration:  $0.08 \text{ m/s}^2$   
Additional load: 5 kg/m  
Cable carrier: 2 x 5 band MC1250

**Ship to shore crane  
with roller supported chain system**

Travel length: 115 m  
Speed: 4.0 m/s  
Acceleration:  $0.5 \text{ m/s}^2$   
Additional load: 7 kg/m  
Cable carrier: RSC TKHD90

**Ship to shore crane  
with roller supported chain system**

Travel length: 100 m  
Speed: 4.0 m/s  
Acceleration:  $0.5 \text{ m/s}^2$   
Additional load: 5 kg/m  
Cable carrier: RSC MC0950

# TOTALTRAX® COMPLETE SYSTEMS FROM PLANNING TO THE FINAL COMPLETE SYSTEM

Use our know-how. Working jointly with you, our experienced specialists can provide pre-sale support, including planning and design services through after sales service and support.

One order, one contact person, components optimally matched to each other, including the cable and hose carrier, the electrical cables, the hydraulic and pneumatic hoses and the connectors.

You receive the complete system in one delivery along with a guarantee certificate, if desired – in short: TOTALTRAX®. Reduce your storage costs for cable and hose carriers, cables and connectors with TOTALTRAX®. We supply all components Just-In-Time to your production facility or directly to the installation site.

## EXPERT INSTALLATION BY OUR SERVICE TEAM

Let our service team handle the planning and execution of the installation of cable and hose carrier systems. We provide the support you need:

- » complete assembly including the guide channel and the substructure
- » uncoiling and assembling cable and hose carrier systems for long travel applications
- » installation in harsh conditions at great height
- » commissioning and acceptance
